Generic Proceeding to Electric Restructuring

My Fellow Commissioners:

Upon review of the procedural order dated May 2, 2002 setting timelines for Tracks A & B in the Commission's continuing review of Electric Restructuring, it occurred to me that we are likely placing Tucson Electric Power (TEP) in a difficult position for compliance with our rules and orders.

As I understand TEP's Request for Variance, it asks that the Commission grant a temporary suspension to its compliance with the very rules and orders at issue in our review of Electric Restructuring. Given the timelines in the aforementioned procedural order, I ask that the Commission schedule an open meeting to consider TEP's Variance request as soon as possible.

Sincerely,

Marc Spitzer
Commissioner
